Emory B. Camp to Report Soon for Duty in the Navy

Emory B. Camp, lawyer and civic leader in Milam county, will soon report to the Navy for duty.

Mr. Camp was among the number who reported to the induction station Monday under the new system of classification and reported early Wednesday that he had passed his physical examination.

Mr. Camp, guest of the Rotary Club's War Loan Program luncheon Wednesday, delivered a strong appeal for support of the drive. He has been chairman of the Milam County Defense Council since its organization in 1941 and has been a leader of great strength and spirit in all the war loans.

His acceptance in the Navy came about by the eagerness of the induction station representative of this branch of the service. Being a lawyer his availability was considered a prize. Mr. Camp will report for duty within a short time and as soon as he can place his business in order. Mr. Camp is the father of three small children, Emory, Jr., Kay and James.

Mr. Camp, in addition to his law practice owns jointly with Gordon Baskin the Camp-Baskin Insurance Agency. Mr. Baskin volunteered for the Navy more than 2 years ago and is now on active duty with the Pacific fleet.

FRONTIER MARSHAL TO BE BURIED TUESDAY

(From Monday's Daily)

J. E. Holtzclaw, 84, native Texan and pioneer peace officer, died at his home in Cameron at 7 a. m. Monday, January 17, 1944.

Mr. Holtzclaw suffered a severe stroke on Saturday, January 8, and could not regain strength. His condition became more critical as the time passed. The end came early Monday at his home on East 19th Street where he had lived quietly enjoying his neighbors and friends.

Thus another name has been stricken from the fast diminishing roll of the frontier marshals. Mr. Holtzclaw had been a peace officer all of his adult life.

Funeral services will be held at 2 p. m. Tuesday, January 18, from the home of his daughter, Mrs. Judd G. Davis on East Fifteenth Street. The body will remain at the Coleman Funeral Home until early Tuesday when it will be taken to the Davis home.

Mrs. Holtzclaw, advanced in age, was ill.

Rev. John C. Solomon, pastor First Presbyterian Church, will conduct the services at the Davis home and interment will be made in the cemetery at Sharp.

Mr. Holtzclaw was born and reared in Milam county. His father the late James Holtzclaw, pioneer, who came to Texas from Tennessee and settled on Little River near Tracy, owned a vast estate. The plantation was an original survey, a headright of land, located on both the San Gabriel and Little Rivers.

Mr. Holtzclaw was city marshal in Belton in the turbulent days when to survive often necessitated the quick-draw. Fearless, he tamed many of the bad men in the old days. Years later he was elected City Marshal in Rockdale and from that city ran for and was elected Sheriff of Milam county.

One of the pioneers now surviving is M. M. Johnson, who was Chief Deputy when Mr. Holtzclaw was Sheriff.

Mr. Holtzclaw was City Marshal in Cameron prior to and during the early twenties, a conspicuous figure, patrolling the streets on his favorite horse. After retiring from the marshal's office he was elected Constable serving until his age forced his retirement.

During the past few years he had lived, as all pioneers, much in the past. He always had a good story of pioneer days and told it well. He will be missed by the many who knew him for what he was, a commanding figure, a positive character hewn from the stuff of which the pioneers were made, a disappearing quality upon the earth.

Surviving are his widow, Mrs. J. E. Holtzclaw and one daughter, Mrs. Judd G. Davis. A son, Elmer Holtzclaw, died in 1917.

CHAS. C. SMITH RUNS FOR MAYOR IN CAMERON

Chas. C. Smith, former Mayor, is a candidate for this office, subject to the City Democratic Primary Election to be held on Tuesday, February 1, 1944.

Mr. Smith became a candidate largely upon the solicitation of friends and supporters throughout the city and because of his desire to carry through a program of improvement for the city, interrupted two years ago when he lost his race by only a small vote.

Mr. Smith's record was an impressive one and which brought Cameron to the attention of the nation. The pledges of support which have come to him are acknowledged with gratitude. His many friends are pointing out that his exceptional ability, independence of thought and frank methods of attacking the city's problems, inspire confidence and offer the qualities with which the office should be invested.

Within the limited space available it will be possible only to touch in brief outline his record. It is significant to note that when Mr. Smith was first elected Mayor the city's finances were in a poor state. One of his first jobs was to establish a sound financial policy and without borrowing a dollar, he financed the city's operations and soon had substantial balances in all funds. These balances grew as his work progressed as head (turn to page eight)

CARL C. BLACK RUNS FOR SHERIFF OF MILAM

Carl C. Black, Deputy Sheriff, widely known and popular citizen is a candidate for the office of Sheriff of Milam county, subject to the Democratic Primary Election to be held on Saturday, July 22, 1944.

Mr. Black has been chief deputy in the sheriff's office for three years and his popularity has been commensurate with the splendid record he has made in this place of large responsibility. His announcement for the office of sheriff, has in consequence of his popularity, been received with enthusiasm by hundreds of friends throughout the county.

Mr. Black feels deeply obligated to the people for their co-operation during his three years as a deputy because he gives credit to the people for the measure in which he has been able to do the work at the office. Mr. Black expressed his deep appreciation to the hundreds of citizens who have urged him to make the race and who have pledged their support at the coming Primary Election.

Mr. Black was named to the place of Chief Deputy three years ago. He did not come to this responsible place without experience but the time in which he has served has given him valuable experience and his many friends point out that his qualifications are outstanding and his record recommends him to all the people as one who can bring to the office all the qualifications which the county has long cherished in their estimate of the importance of this place.

Born and reared in Milam county, Mr. Black is therefore no stranger to the people. The major portion of his life was spent on the farm in the Community in which he was born. These and other experiences have given him an extraordinary understanding of the people he will be called upon to serve. His friends are paying him the compliment that he possesses the natural traits of character so much desired in a sheriff. Friendly and understanding, knowing the people and their wishes, he has earned a large place of esteem among them and would come to the office with the confidence of all, having the essential foundation on which would be predicated a successful administration of the affairs under his direction.

Among the things which have made his brief service impressive is his devotion to duty. A hard worker, Mr. Black spends hours each day meeting requests from many and generally making himself an ideal servant of the people. Courageous and possessing a fine sense of justice, Mr. Black has a wholesome regard for the law and believes in its enforcement depends the safety of society.

As Sheriff he would bring to the office a sincere desire to serve; an understanding of his duties so tempered with justice and consideration for all that every expectation of the people would be met. Experience would enable him to cope with the problems of enforcement. He would be both alert and vigorous in the discharge of his duties and every citizen would find in him a counselor and friend.

During the coming weeks Mr. Black hopes to see the voters personally. Under conditions a normal campaign may not be possible. He sends his thanks to his friends everywhere and this announcement is his earnest solicitation of your vote and influence. He pledges the people that they will have no cause to regret his election and would consider it his sacred duty to fulfill in every way the ideals they have the right to expect in their sheriff.

POST-WAR AID WILL BE BIG PROGRESS FACTOR

Post-war aid to American cities will be a big factor in progress and will determine in large measure the extent to which the nation will provide employment for men returning to their homes.

In Cameron during recent months much has been done to look forward to post-war days. While the city administration has accomplished very little in actual results there are some projects on the projection which if followed up will bring material progress here.

Cameron will have an employment problem as every other city in the United States will have. Hundreds of our young men have been called to the armed service. When they return they will have the right to demand a place of security in an orderly society.

Any city that fails to provide such an atmosphere in so far as possible, can hardly be worthy the invested confidence of her people.

That Cameron may after all come forward with much needed progress is suggested in plans now being made. Mayor Leland Green who admits that things have been tough on account of the war is thoroughly committed to a Post-War Program

and hopes that such will be possible.

Some of the things proposed are being held in confidence due to their importance. Others are plainly seen in plans made mainly the street improvement plan in which the city would spend \$75,000 or more to be matched by Federal Funds in such amounts as Post-War Congressional interest manifests.

ECONOMY

LAMO FILM PACKAGE PRESERVES THE FRESHNESS

One of the very real economies of Admiration Coffee is its unique freshness. When freshness evaporates so too do aroma, flavor, and strength. Admiration Coffee retains all these qualities oven-fresh because its Lamofilm Package is leak-proof. Once sealed (we should say once *triple* sealed) nothing can escape. Nor can moisture seep in. This freshness thus saves you many a pound during the year—and as much money.

ADMIRATION PREVENTS COFFEE-MAKING FAILURES

If your coffee maker and water are clean, it's practically impossible to make a "bad" cup of Admiration Coffee. This wonderful old blend, favorite for years in the Southwest, is rich, flavorful, and aromatic. No matter how you prefer your coffee, weak, moderate, or strong, its *distinctive flavor* is always discernible. You'll know it's Admiration, for Admiration alone *tastes* like that. By all means try a pound today if you're one of those rare individuals who've never had the pleasure.

Celebrate 50 Years Of Wedded Life Here Sunday, January 9th

Mr. and Mrs. Moseley are native Texans. They were married at Caldwell in Burleson county in 1894. They have lived in Cameron for the past 24 years. Mr. Moseley has been prominently identified with business and civic affairs for almost a quarter century.

To the People of this Community

YOU ARE IMPORTANT

There is no such thing as a "little" investment in the Fourth War Loan.

Your \$25 or \$50 or \$100 Extra War Bond may not have great importance in your mind in making up a 5½ billion dollar total for individuals.

But multiply yourself by 130,000,000 and then you see in real perspective how truly great each citizen becomes in massing national strength against the Nazis and the Japs.

Capt. Maurice Witherspoon, Navy chaplain aboard the Carrier Wasp when she sank, tells of a rescued wounded sailor, who, as he regained consciousness, asked: "Did I do my best?"

That's the only question you, too, have to ask yourself when you decide the extent of your personal participation in the Fourth War Loan.

There undoubtedly will be large single purchases of War Bonds in this community, but yours—if it is "your best" will deserve equally the red, white and blue shield you are privileged to display in the window of your home.

Ready For Combat

PVT. LADIS NOVOTNY

Pvt. Ladis Novotny, a Cameron boy, has just completed his basic training with an Armored unit and is ready for combat, says a special letter to The Herald from the great replacement training center at Fort Knox, Kentucky.

Pvt. Novotny has many friends here who will be glad to have this news of him. He is the son of Joe Novotny now living on Route 2, at Lancaster, Texas.

Pvt. Novotny was born and reared in this county and is one of hundreds of young men who will carry the Stars and Stripes to victory.

VIENNA NEAR ATTACK POINT OF U S PLANES

For the first time in the war the Austrian capital was near the scene of an air attack by United Nations planes.

A Messerschmitt plane factor was demolished in a huge attack 150 miles from Vienna.

The battle in Italy was going well. There was a revival of prospects for new landings on the Mediterranean coast of Italy as the way to Rome opened up under Allied hammering.

The Red Army line in the north was aflame with battle as the Germans suffered new set backs. Berlin expressed grave concern over the newest offensive just launched by General Vatutin. The drive was being pushed by 250,000 Russian troops and tanks were operating over the frozen snows of the vast plains north of Novol.

General Maitland the new Allied commander in Italy said Rome will be taken soon.

Post greetings from Mrs. Gladys Watson of Wort Worth, tell of the extremely bad weather they have had this winter, but that all of the family are well.

Mrs. Bob Wiley is spending some time in San Antonio visiting with her children, going down before Christmas.

"The Adventures of Of Espionage Tarut" Thrilling Film

Keyed to present-day headlines, "The Adventures of Tartu," which comes to the Cameron Saturday Jan. 22, is a stirring drama of intrigue, coupled with a romance that almost defeats its purpose. Robert Donat is the star in Metro-Goldwyn-Mayer's exciting adventure film, and Valerie Hobson enacts the leading feminine role. Others who stand out include Glynis Johns and Walter Rilla.

Although little of the action takes place in London, M-G-M sent Director Harold S. Bucquet to the British capital so that he could inject all the realism which the script provided. To that end, original scenes of the Nazi blitz of 1940 and the ruined remains of Florence Nightingale's Nurses' Home have been incorporated.

In the star role, Robert Donat impersonates four different foreign characters. As a British agent, he is ordered to blow up the Skoda works in Czechoslovakia, where the Nazis

are turning out barrels of poison gas to be used against the Allies. He also is given the responsibility of bringing back the formula, and needless to say he accomplishes both tasks brilliantly.

One of his most difficult problems is to work his way into the good grace of the Czech underground. He is given the acid test, a sound beating, before he convinces the loyal natives his purpose is to aid them and not to turn them over to the invader.

"The Adventures of Tartu" is stark drama. It has romance and thrills and marks the first appearance on the screen of Robert Donat in more than a year. Glynis Johns was last seen in "The Invaders," and Valerie Hobson is not a newcomer, having appeared in "U-Boat 29," "Atlantic Ferry" and several other British-made films. Martin Miller contributes a fine dramatic performance

as leader of the Czech underground.

Others in the cast include Phyllis Morris, Anthony Eustal, Percy Walsh, David Ward, Frederic Richter, John Penrose, Hubert Leslie, Mabel Terry Lewis and Miki Iveria. The screen play was written by John Lee

Mahin and Howard Emmett Rogers from an original story by John C. Higgins.

Mrs. Fred Shoaf is reported doing nicely, following an operation in the Newton Memorial Hospital last week.

Miss Kathryn Luce, employee of OPA in Cameron, was operated on yesterday by Dr. D. R. Newton, in Newton Memorial Hospital, and at this time is reported doing nicely.

MOTION of AIR

is important in reducing
"WALL SWEATING"
where open flame
unvented heaters are used

The unvented heater is practical for quick heat and is used with satisfaction if proper ventilation and motion of air are provided. Use gas wisely. Heat whole house at a constant temperature of not over 72 degrees.

A free motion of warmed air, fresh and filled with oxygen, should be kept circulating through connecting doors of all rooms in homes where open flame, unvented heaters are used. Motion of air is about as important as proper ventilation if "wall sweating" is to be held in check and healthful living conditions maintained.

In using unvented heaters, there's no flue pipe in which products of combustion may be carried from the room. So water vapor (a product of combustion) from the burning fuel is expelled into the room air. By opening a window slightly and leaving connecting doors open for a free circulation of fresh air, there's no chance for the air to become stagnant and saturated with moisture and collect on walls, windows, furnishings and other cold surfaces.

When the war is over and the peace is won
... you'll want to carry out your plans of home modernization and step up your heating to luxurious circulating heat as supplied by vented circulators and floor furnaces. When that time comes—and we hope it comes soon—our house heating engineers will be ready to help you. Until then, continue to buy more and more war bonds.

LT. JACK BLANKENSHIP

Lieut. Jack B. Blankenship who recently arrived in Hawaii, is the pilot of a B-25 Mitchell Medium bomber.

Lieut. Blankenship was born and reared at Buckholts. He recently was sent overseas to the combat areas.

Lieut. Blankenship graduated from Yoe High School and is known to many here and over county. He received his basic training at Randolph Field and was given his wings as a pilot at the advanced flying school at Brooks Field in San Antonio on May 24, 1943.

He enlisted in the army air corps in April of 1942.

DISASTER MOUNTING FOR THE GERMANS

Disaster mounted for the Germans and the Japs as the Allied offensives kept beating their way through stubborn defenses in most of the fronts with a near rout on the Eastern front.

Coupled with the news from these fronts it was announced that Gen. Eisenhower had arrived in London to direct what has been hinted will be an invasion of the continent from the west.

Too much must not be expected because there is no prospect that the invasion will come soon and may not come this year. Donald M. Nelson said the big job ahead in 1944 is to produce enough materials for the invasion.

The Russians were plunging ahead. They had launched a new offensive on the Leningrad front and the Germans were in grave peril all along the line.

A sensational claim has been made by the Russians that 100 thousand German soldiers have been killed in the last three weeks of fighting.

The Marines have taken bloody Hill 616 in New Britain and thus the Japs were on their way out. American aircraft had penetrated to the harbor of Rabaul and sunk 5 merchant ships, scored hits on a Jap cruiser and destroyer.

We are here to give the news.

JAMES T. SHUEMATE IS BURIED ON NEW GEORGIA

Pvt. James T. Shuemate, United States Marine, who lost his life in the invasion of New Georgia Island in the South Pacific, is buried at Barioka on the west coast of the island, his mother, Mrs. J. T. Hhuemate in Cameron has been informed.

The Purple Heart Decoration, prized since the days of George Washington as award for wounds or loss of life for men in the armed services, has been made posthumously to Mrs. Shuemate, mother of the hero.

Pvt. Shuemate, a volunteer, joined up with the Marine Commandos and was specially trained for invasion of the islands.

Among the personal effects received was a bill fold containing two \$5 American notes and some papers, including a small newspaper clipping under a Fort Worth date line telling how Texas was leading the nation in the number of men in service.

The bill fold was sent, along with a letter from Lt. M. G. Craig of the Marines.

Col. James Roosevelt, son of the President, commanding the regiment of Marines to which Pvt. Shuemate was attached, has sent Mrs. Shuemate photos of the graves of marines lost in the battle and disclosing the location and the grave of her son.

Here is Col. Roosevelt's letter: Dear Mrs. Shuemate:

"I have waited quite a long time to write to you and express my sympathy for the loss of your splendid son, James Thomas Shuemate, as I hoped to have some details of the last action long before this. Unfortunately, I still can add nothing to the communication you received from the Marine Corps.

"As you may know, it was my privilege to serve as your son's commanding officer until just a short time before he so gallantly finished his end of this job. I knew him, as I did most of the men of the Battalion, personally and as a friend. I received the news of the casualties with a feeling of great loss.

"I know there is very little I can say to you that will comfort you in your sorrow, but should any details of the action reach me I will certainly let you know.

"Meanwhile, please accept my sympathy for you and his family."

Very truly yours,
Lt. Col. James Roosevelt, USMC.

ROME HEAVILY BOMBED BY 90 ALLIED PLANES

Allied planes bombed the outskirts of Rome Thursday. In all about 90 planes took part in the attack.

A Rome radio report relayed to Berlin said that three of the raiding planes were shot down.

The war in Italy was drawing to a climax. The Americans were making a frontal assault on Cassino, strongly fortified German center. The entire American fifth army was on the move. The French had captured a strong point near Cassino.

The Red Army in a new offensive southwest of Gomel had taken 40 more towns from the Germans.

Violent fighting was going on at Arawee and a Tokyo dispatch claimed the fort had been recaptured. P. T. Boats were devastating escape barges in the waters of Vitiaz Strait.

TO THE PUBLIC:

Since the Government is shipping us Soya Beans to crush, I feel that the market will loosen up and that we may have sufficient protein and meal for all in a very short time, if, of course, they continue to ship.

You can still get a few hundred pounds of hulls and a few sacks of meal at CAMERON COTTON OIL COMPANY.

THINK IT OVER

How about doing a little cold turkey thinking after you lay aside this newspaper tonight?

You've got a good job. The chances are there is someone else in your family, perhaps two or three, working. Your son or your brother—may be away at war.

This war must end sometime. Your whole family, your neighbors, are praying it ends soon and those fighting boys of yours will come home safely.

But will you be ready for whatever happens when peace comes? Will you have something laid away? We're all hoping there'll be jobs aplenty, jobs which mean making something for somebody's happiness and not for somebody's sorrow. That's where your War Bonds come into the picture. Sure, Americans own billions of dollars of War Bonds now; and before this 4th War Loan ends they will have put away billions more. But how about you? You're the one that counts. The bigger the pile of War Bonds you have when peace comes, the bigger chance you'll have to slip right into the post-war world you're dreaming about tonight.

So "Let's All Keep on Backing the Attack."

NEWS FROM MILANO

One of the heaviest snows in several years fell in Milano Thursday and Friday. Some of the old timers estimated it at about 7 inches. There was very little damage done. Many trees were broken and lights were out of Friday and Saturday. School was closed for two or three days.

Miss Gertrude Jones who is teaching school at Hempstead and Mrs. Church another teacher and Miss Jones room mate spent the week end here in the home of Miss Jones.

Miss Wilma Jean Sewell of Chriesman spent the week end here with her cousin Miss June Westbrook.

Alton Thomas who is in the Army is home on furlough visiting with his parents, Mr. and Mrs. W. E. Thomas.

Mrs. Charlie Brannon was able to be brought to her home last Wednesday. For the last 4 weeks she has been ill at the home of her daughter in Houston with a very serious case of flu. She still isn't very well.

J. P. Ferguson who works in Houston spent the week end here at his home with his parents, Mr. and Mrs. Lloyd Ferguson and sister Miss Wanda Jean.

Due to the illness of Mrs. Charlie Brannon, Mrs. Charlie Martin is filling her place in the lunch room.

Wm. Boyd Comes To Milam Screen

Blazing with the action, which western fans love so well, the latest Hopalong Cassidy thriller, "Riders of the Deadline," a United Artists release, starring William Boyd, opens at the Milam Friday and Saturday. As the famous cowboy sleuth, who always runs down and gets his man in the end, after many baffling and thrilling adventures, Bill Boyd was at his best.

This time he plays the part of a Texas Ranger, who falls into disrepute, through the death of his pal and young protege, Tim Mason (Richard Crane) who also has lost his standing with the Rangers, through suspicion that he is implicated with a band of smugglers, who have been using his ranch as hideout.

How Hopalong follows up the outlaw gang, invades their hangout, and captures or kills the leaders, and saves the ranch, with the aid of his faithful pals, California (Andy Clyde) and Jimmy (Jimmy Rogers) in a series of breath-taking adventures, makes as thrilling and satisfying a film as the most exacting fan could

desire. Don't miss it. It's a hum-dinger!

You'll be glad this neighbor asked you to Buy Bonds

ONE day soon, a neighbor may stop by to talk about the Fourth War Loan and the share your locality is expected to play in it. Or, he may talk at a War Bond rally at the high school. Chances are he'll ask if you'll buy more Bonds. Will you look on it as a request for a donation? Or will you look on it as an opportunity to build up the financial reserve every business-like farmer or rancher has to have to run his place profitably?

No need to tell you it takes money to run a war. No need to tell you it's your war, your liberty at stake. But we're all human and just a little bit given to "letting George do it." Only this time we're all George. We've got to do it! And in buying those Bonds, we're doing ourselves as big a service as we are our fighting men and our country. We're building strength—personal financial strength—with which to meet the inevitable problems of tomorrow

Something Worth Buying

Maybe you have a son off at war. What a homecoming when he gets into his jeans and you've both got those Bonds to fall back on for the machinery and equipment and buildings you'll be needing in the future. And how about the education you've promised yourself

you'd give your children? And that long vacation in the sunshine you and your wife have so long deserved? The only way to have these things is to save the money now. U. S. War Bonds are the safest and most liquid investment you can make for these future needs—needs worth providing for!

Nazis Scared In "Hostages"

As retribution draws nearer for Hitler and his satellites, Paramount shows dramatically how the "underground army" is paving the way for the final day of reckoning in "Hostages," the exciting new melodrama which in due Thursday and Friday at the Cameron Theatre.

The picture marks the return of Luise Rainer, the only actress to win two consecutive Academy Awards, after a four-years absence.

This is a picturization of the best-selling novel of the same name and is inspired by the fearless patriots who daily risk their lives to sabotage, murder and strike dark terror into the hearts of the Nazis.

Leader of the underground movement is Janoshik, played by William Bendix, who has the outstanding character role of his career to date. The romantic interest is supplied by Luise Rainer, and Arturo de Cordova, of whom American audiences are going to see a lot, after his magnificent portrayal as Paul Breda, newspaperman, and one of the leaders of the underground.

How this trio of anti-Nazi stalwarts wreak vengeance for the mass murder of twenty-five of their compatriots forms the gripping climax of the picture as an entire waterfront is blown to bits in the teeth of the terrified Nazis.

A perfect cast includes besides those mentioned, Paul Lukas, fresh from his triumph in "Watch on the Rhine," Katina Paxinou, the earthy guerrilla fighter in "For Whom the Bell Tolls," and Oscar Homolka, all of whom give memorable performances. Frank Tuttle packed suspense into his direction.

For Representative 64th District:

To the People of this Community

KILL OR BE KILLED

United States Marines paid the stiffest price in human life per square yard for the capture of Tarawa, vital Pacific outpost.

It was kill or be killed. Your boys did not flinch when they ran into the deadliest fire-power along the beaches of this important Gilbert Island stronghold.

This assault, bloody and costly, is one of the many which must be made before Tokyo and Berlin are pounded into dust and ashes.

What are you doing to back up the boys? Remember these are boys from this very community, perhaps from your very home. Any home in your neighborhood which today does not display the treasury's red, white and blue 4th War Loan Shield proclaiming "We bought Extra War Bonds" is not backing the attack. Every Extra War Bond you buy becomes a direct fighter against Japan and Germany. If you could but see one man die on the battlefield, you would not count the cost of your slight sacrifices to buy Extra War Bonds to make each succeeding assault less costly in the lives of our boys.

You can't afford NOT to buy Extra Bonds in the 4th War Loan if you would help these boys.

THE LAMPS WERE LIT

The ice storm brought many problems. Many there were who went out of their way to accommodate others and to help. A report to the Herald says Emmett Streetman may have been about the most accommodating. In the small hours of the morning Saturday as frost added to the rigors of the night, the landscape a white mantle of ice and snow, like the soldiers at Valley Forge, he set out to get some kerosene for the hospital. Even his old side kick, Dutch Walzel, broke down to pay Emmett a compliment. Dutch says if you want kerosene at any hour of the night when your lights fail, just call Emmett. The lights were out at the Cameron Hospital and someone called Streetman. He came to town around 2 a. m. and aroused the Richter boys, got 5 gallons of kerosene and soon lamps were burning in the rooms of patients at the hospital.

Pay Your Poll Tax During Next 12 Days; The Ballot Governs

There is an old adage that runs like this: "Peace has her victories no less renowned than war."

In this connection, Mr. American Citizen, it is well to remember that you have until January 31st at midnight to pay your poll tax.

In the year 1944 there will be many times when you should exercise your rights to the ballot. Elections beginning in February, carry through to November. There are many reasons why you should pay your poll tax, not the least of which is revenue for your state and county.

The citizen who is armed with a poll tax may not be denied a voice in his government, nor a choice of those who operate it. Let's make these next 12 days Duty Days. Pay Your Poll Tax!

CHRISTIAN CHURCH

A few of the faithful braved the weather and attended church last Sunday. They found the building cozy warm and enjoyed the fellowship.

The pastor, speaking of the Christian graces defined in the "beautitudes" of Jesus, likened them to certified seed and guaranteed crops. He says that they will bear fruit, if sown and cultivated, in social life; and in addition to that, the very word "blessed" implies a divine endowment. He referred to Christ's promise to the persecuted (Matt. 5:10-12) as Jesus Christ's indemnity insurance policy.

Next Sunday the sermons will be: At 11 a. m. "Weeds in the Christian's Spiritual Garden," at 7:30 p. m. "Man's Moral Responsibility to God." Bible School at 9:45.

FEDERAL AID TO CITIES IN POST WAR CERTAIN

Federal aid to American cities will be commensurate with needs to provide public improvements and to make certain that labor opportunities thinks Mayor Green who is a candidate for re-election for a second term.

Mayor Green said Tuesday that while war restrictions have made impossible any improvements here that the Council is looking forward with a long range program to provide employment and to give Cameron vitally needed streets and other improvements.

It has been disclosed in Washington that in 1942 the Federal government spent in excess of 3 billion dollars to aid cities and for other public works. In the post war plans now unfolding a liberal share of the congressional appropriations to provide employment will go to cities.

Cameron, says Mayor Green will be ready when the time comes to launch a constructive program.

At present a survey and blue prints are ready for a three area paving program. Cameron is badly in need of street improvements.

TEXAS SHARE IN 4TH WAR LOAN 395 MILLION

Announcing \$395,000,000 (millions) as the goal set for Texas' share in the \$14,000,000,000 (billions) Fourth War Loan Drive, Nathan Adams of Dallas, State Chairman for the volunteer bond sales-force throughout Texas, Saturday mailed to each chairman in the 254 counties of Texas a letter giving the individual county's quota for a sales effort designed to place more bonds in the hands of plain citizens than have ever before been distributed in any previous bond drive.

Emphasizing that while the national goal for the forthcoming drive is one billion dollars less than the 15 billion goal set for the previous very successful drive which sold nearly 19 billions nationally, Mr. Adams pointed out that 5 1-2 billions of the 14 billions present goal must be attained in sales of bonds to individuals, whereas only 5 1-3 billions of the Third Loan's 18 1-3 billions actual total sales were to individuals.

Of the Fourth Loan's \$395,000,000 (millions) Texas quota, Mr. Adams stressed that \$210,000,000 (millions) in bonds is set as the goal for sales by individuals, partnerships and personal trust accounts, the remaining \$185,000,000 (millions) being the goal for sales to corporations, associations and other investors. He pointed out that no sales to banks are included.

Of the \$210,000,000 (millions) goal set for sales to individuals, \$130,000,000 (millions) is set as the goal for E Bonds. Thus nearly a third of the \$395,000,000 (millions) to be raised in Texas in the Fourth Loan drive must come from sale E bonds; and these E bonds must account for nearly two-thirds of dollar value of sales to individuals.

Whereas Americans as a whole bought 122 per cent of the nation's quota for all bonds in the Third drive, Texans bought 124 per cent of the state's quota, according to Mr. Adams; Texas sales totaling nearly \$520,000,000 (millions) with over half of the total being E, F, G, and other bonds to individuals. Of the national sales total a much smaller proportion was in sales to individuals—and credit for the fine Texas showing must go to the host of volunteer sales people who called upon plain citizens who could buy small bonds.

"Bearing in mind that of 70,000,000 income recipients in the U. S. A. in 1943 about 13,000,000 are reported to own no United States bonds or stamps, our job in the January 18th through February 15th drive in Texas is to see that every possible one of our fellow-Texans who is not yet fighting for victory on the financial home-front is asked to participate," Mr. Adams said. "In my opinion, every Texan with an income will participate if asked to buy; he or she merely needs a reminder that his or her boy in the fighting forces needs his or her support financially so that

victory can be speeded, the homecoming can be hastened, and the value of the dollar be preserved to give our returning military sons the best possible conditions under which to resume civilian life."

County quotas will be announced Monday or Tuesday throughout Texas by local county chairmen.

SMITH

(continued from page one)

of the government.

It is a remarkable record that records 56 blocks of paving, seven miles of sewer line extension, an Athletic Field which is the pride of the city; athletic building which was a prize investment for the school system. Under the city government the Council is responsible for financing improvements for the schools. The size of the negro school was doubled under Mayor Smith.

There was the extensive improvements in Wilson-Ledbetter Park and other parks. The swimming pool at Wilson-Ledbetter, built with characteristic Smith thrift and foresight, is not only one of the finest in Central Texas with its modern water treatment plant, but is self liquidating.

In all there were some half million dollars worth of improvements and great civic progress and with the exceptional fact that the bonded debt of the city continued to be lowered until today it is unique among American cities.

Mayor Smith spent his own time and money making trips for the city. One in particular is worthy of note, to San Antonio, to Houston and to Austin in the interest of a Municipal Air Port.

"With the co-operation of the Council," said Mr. Smith, "I offered to put up \$30,000 in matching money for the Air Port. No suitable land could be found as in Bell and McLennan counties where they have lots of prairie land. Of course their tremendous voting populations gave them an unfair advantage of Cameron."

"I was born and reared in Cameron and naturally take pride in the progress of my home city. After all my honest and diligent efforts to secure an Air Port, some were led to believe it could be obtained and you were explicitly promised it would be built. WHERE IS IT?"

"I was solicited by many men and

women to enter the race and I deeply appreciate the fact they want me back in the Mayor's office. This support has come from many who, not because they personally like me, or dislike my opponent, but believe I can keep the city in step with the march of modern progress."

Mr. Smith's friends point to his proven ability; to the fact that as Mayor he was active, instead of sitting back and doing nothing but draw the Mayor's salary.

"Post War planning is another important step in the immediate future needs of our city," said Mr. Smith. "I will make a diligent effort, will delve into this problem immediately so that your boys and mine will have something to look forward to when they return from the battle front."

Mr. Smith realizes that time is limited and he may not be able to see each voter personally. Through the

press and by the help of friends he hopes to present his record and to ask for your vote and support. His pledge of service can best be made by his known integrity, ability and keen active interest in the progress of Cameron.

Pay Your Poll Tax During Next 12 Days; The Ballot Governs

There is an old adage that runs like this: "Peace has her victories no less renowned than war."

In this connection, Mr. American Citizen, it is well to remember that you have until January 31st at midnight to pay your poll tax.

In the year 1944 there will be many

times when you should exercise your rights to the ballot. Elections beginning in February, carry through to November. There are many reasons why you should pay your poll tax, not the least of which is revenue for your state and county.

The citizen who is armed with a poll tax may not be denied a voice in his government, nor a choice of those who operate it. Let's make these next 12 days Duty Days. Pay Your Poll Tax!
